EDUCATION

Ph.D., Civil and Environmental Engineering — March 2023 (expected)
University of California, Irvine (UCI) — *Irvine, United States*

- Focus area: Hydrology and Water Resources
- Dissertation: On model diagnostics: statistical underpinning and epistemic errors
- Advisor: Dr. Jasper Alexander Vrugt
- GPA: 4.00/4.00

Master's degree, Environmental Engineering — March 2018
Federal University of Santa Catarina (UFSC) — *Florianópolis, Brazil*

- Focus area: Hydrology and Applied Hydraulics
- Thesis: Bayesian inference applied to interception and rainfall-runoff modeling
- Advisor: Dr. Pedro Luiz Borges Chaffe
- GPA: 10.00/10.00

Bachelor's degree, Sanitary and Environmental Engineering — September 2015
Federal University of Santa Catarina (UFSC) — *Florianópolis, Brazil*

- Thesis: Identification of interception model parameters using an automatic calibration algorithm
- Advisor: Dr. Pedro Luiz Borges Chaffe
- GPA: 9.04/10.00

BRAFITEC Exchange Program — January 2012 – February 2013
École Nationale Supérieure de Géologie (ENSG) — *Nancy, France*

- Focus area: Water Resources/Hydrogeology
- GPA: 15.35/20.00

ACADEMIC APPOINTMENTS

Graduate Student Researcher — January 2019 – present
University of California, Irvine (UCI) — *Irvine, United States*

Graduate Student Researcher — March 2016 – August 2018
Federal University of Santa Catarina (UFSC) — *Florianópolis, Brazil*

Undergraduate Research Assistant — September 2014 – March 2016
Federal University of Santa Catarina (UFSC) — *Florianópolis, Brazil*

HONORS AND AWARDS

AGU 2021 Editors' Citation for Excellence in Refereeing — 2022

- Awarded by the American Geophysical Union (AGU), *Water Resources Research* editors

Miguel Velez Scholarship — Spring 2022

· Awarded by the University of California, Irvine (UCI), Graduate Division
· 1 quarter of tuition/stipends ($13,000)

CAPES Fellowship January 2019 – June 2022

· Awarded by the Ministry of Education of Brazil
· 3.5 years of tuition/stipends (∼$160,000)

Young Researcher Award 2017

· Awarded by the Brazilian Water Resources Association (ABRHidro)
· Best paper presented at the Brazilian Symposium on Water Resources (held every two years) by a lead author under 30 years of age

Medal for Academic Excellence 2015

· Awarded by the Federal University of Santa Catarina (UFSC)
· Top graduating student in Sanitary and Environmental Engineering

Recognition of Academic Achievement 2011, 2013, 2014, 2015

· Awarded by the Federal University of Santa Catarina (UFSC)
· GPA 9.00 (out of 10.00) or higher in 6 (out of 9) semesters

BRAFITEC Scholarship January 2012 – December 2012

· Awarded by the Ministry of Education of Brazil
· International exchange program between Brazil and France for engineering students
· 1 year of tuition/stipends (∼$20,000)

PROFESSIONAL SERVICE

Selection committee 2021
Young Researcher Award, XXIV Brazilian Symposium on Water Resources, Brazil

Co-convener 2019
XXIII Brazilian Symposium on Water Resources, Brazil

· Special session on "Hydrological models as hypothesis of catchment functioning"

Journal reviewer

· Water Resources Research
· Brazilian Journal of Water Resources
· Revista de Gestão de Água da América Latina (in Portuguese)

TEACHING EXPERIENCE

Teaching assistant Fall 2022
University of California, Irvine (UCI) *Irvine, United States*

· Course: CEE20 "Introduction to Computational Engineering Problem Solving", undergraduate level

· Led multiple weekly lab sessions, helped prepare quizzes, developed rubrics for the exams, and graded exams

Teaching assistant Fall 2020
University of California, Irvine (UCI) *Irvine, United States*

· Course: CEE20 "Introduction to Computational Engineering Problem Solving", undergraduate level
· Led weekly lab sessions remotely over Zoom, helped prepare quizzes, developed rubrics for the exams, and graded exams

Teaching assistant 2016 – 2017
Federal University of Santa Catarina (UFSC) *Florianópolis, Brazil*

· Course: ENS5105 "Hydrology and Climatology", undergraduate level
· Prepared and presented one to three lectures per semester on interception, runoff generation mechanisms, and/or introduction to hydrological modeling

Teaching assistant 2016 – 2017
Federal University of Santa Catarina (UFSC) *Florianópolis, Brazil*

· Course: ENS5165 "Water Resources Planning", undergraduate level
· Prepared and led one lab session per semester on reservoir management

Instructor

· Short course on "Fundamentals of Hydrological Modeling" (12 hours), Federal University of Paraná (UFPR), Brazil. Participants: 20. November 19-20, 2019. Curitiba, Brazil.

· Short course on "Fundamentals of Hydrological Modeling" (8 hours), XXIII Brazilian Symposium on Water Resources, Brazil. Participants: 30. November 24, 2019. Foz do Iguaçu, Brazil.

· Short course on "Bayesian Analysis applied to Hydrology" (6 hours), XXII Brazilian Symposium on Water Resources, Brazil. Participants: 15. November 28-30, 2017. Florianópolis, Brazil.

· Short course on "Introduction to MATLAB" (8 hours) for undergraduates in Environmental and Sanitary Engineering, Federal University of Santa Catarina (UFSC), Brazil. Participants: 15. March 29-April 01, 2016. Florianópolis, Brazil.

MENTORSHIP EXPERIENCE

Co-advisor

· Gabriel Anzolin, "Estimation of rainfall intensity-duration-frequency curves in Southern Brazil using stationary and nonstationary models", Bachelor thesis, Federal University of Santa Catarina, Brazil. 2019.
· Paula Cunha David, "Influence of conceptual model structure on the rainfall-runoff simulation in two forested catchments", Bachelor thesis, Federal University of Santa Catarina, Brazil. 2017.

CONFERENCES

Conference abstracts
